

Микроаксиальный кабель 2.00mm

Product Type		2.00mm		
Structure Drawing				
Structure Characteristics				
Structure	Item	Standard Value		
Conductor	Material	Silver-Coated Copper		
	Construction(mm)			
	Nom.Dia(mm)			
Insulation	Material	FEP		
	Nom.Dia(mm)			
Shield	Material	Silver-Coated Copper		
	Nom.Dia(mm)			
Jacket	Material	FEP		
	Nom.Dia(mm)	2.00		
Electrical Characteristics				
Item	Standard Value	Attenuation and Power handling@25°C and Sea Level		
		Frequency (MHz)	Attenuation (dB/m)	Power handling (w)
Impedance (Ω)	50			
Capacitance(pF/m)				
Max Operating Frequency(GHz)	6			
Mechanical & Environmental Characteristics				
Min Bending Radius/Single		mm		
Weight		kg/km		
Operating Temperature		°C		-50-+200
